Thomaston, Maine

Location: On United States Highway, Route one, halfway between Portland and Bangor, in the heart of the State's Sea, Mountain and Island activities.

Population: 2,530

History: The date "1605" on Thomaston's town markers is the year Captain George Weymouth, sailing up the St. Georges River in the earliest known English exploration of New England, landed and planted a cross at the point where the river "trended westward into the main." A post was set up in 1630 for trading with the Indians and in 1720 a fort was built which played a part in the long succession of French and Indian wars. Later all the present Knox, Waldo and part of Lincoln Counties came into the hands of General Samuel Waldo who opened a lime quarry here. In 1736 a band of settlers founded "the upper settlement on the St. Georges which, during the Revolution became the two towns of Warren and Thomaston (incorporated March 20, 1777).

Churches: Baptist, Catholic, Episcopal, Federated and Pentecostal.

Schools: At Main and Green Streets with Playgrounds-maintained from sub-primary grade through high school.

Industries: New England's only Cement Plant: Portland Cement and lime fertilizer.

The J. B. Pearson Clothing Factory: sheepskin coats, mackinaws, sportswear and other clothing.

Black & Gay, Cannery: Blueberries, clams, shrimps, popcorn, baked beans, etc.

Maine State Prison: Furniture made and repaired.
Several boatyards: sailboats, yachts, lobster boats
and trawlers.

Highlights: One of the prettiest main streets in the State with its lovely trees and fine old houses built by sea captains whose ships were constructed in Thomaston ship-yards.

and

“Montpelier” which stands on a hilltop overlooking the St. Georges River containing much of the furniture from the original mansion built in 1793 by Major General Henry Knox, Washington’s first Secretary of War and Chief of the American Artillery during the Revolution. July 25, his birthday is observed annually with open house at “Montpelier”.

The “old Church on the Hill” with its genuine Paul Revere bell.

Services: A Masonic Temple, comparatively new, with a large bowling alley, Public Library with reading room in the business section, active American Legion, National Bank, efficient fire department with modern apparatus, well-equipped garages, dentist, doctors, an osteopath, beauty shops, a modern hotel, an inn, restaurants, tourist homes and well-stocked stores.

Notice to Taxpayers

Sec. 70, Chapter 13, Revised Statutes 1930

Before making an assessment, the assessors shall give seasonal notice in writing to the inhabitants by posting notifications in some public place in the town, or shall notify them, in such other way as the town at its annual meeting directs, to make and bring in to them true and perfect lists of their polls and all their estates real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner after such notice does not bring in such list, he is thereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.

Auditor's Report

State of Maine
STATE DEPARTMENT OF AUDIT
Augusta

March 21, 1949

Mr. Robert K. Mayo, Acting Chairman
Board of Selectmen
Thomaston, Maine

Dear Sir:

This letter confirms your request for an audit of the books and records of the Town of Thomaston. However, due to earlier commitments and circumstances beyond our control, it will be impossible to complete this audit prior to the issuance of your annual report.

The Department of Audit scheduled the work to commence the week of March 7, and the report is now in the process of being typed. We are indeed sorry not to have been able to accommodate you by having the report finished at the desired time, but we are sure you readily appreciate our position in the matter inasmuch as the pressure of town business at this time of year makes it extremely difficult for us to fulfill an exacting schedule. We shall exert every effort to complete the report at the earliest possible time.

If you desire, you may print this letter in the annual report so that the taxpayers of Thomaston will fully understand the reason for the delay. Please be sure that the Department wishes to cooperate in every way possible.

Very truly yours,

FRED M. BERRY

State Auditor

Selectmen's Report

The selectmen early this winter replaced the town truck out of earnings. We felt justified in doing this as the old truck had reached the point of diminishing returns with relation to net profit, and was becoming too expensive to maintain. We also purchased a tar kettle last summer due to the large amount of road patching that has to be done each year. We feel the saving in time and money over the old hand labor method of mixing the tar patch makes the kettle a money saver in the long run.

A substantial stretch of the West Meadow Road was rebuilt as a State Road and has been turned over to the State, thus relieving the town of further responsibility for its maintenance. It is planned to continue work there during the coming summer.

In spite of rising costs of material and labor, we have been operating on the same yearly budget for some years past.

CLIFTON J. FELT,

Town Clerk

Report of Chief of Fire Department

To the Honorable Board of Selectmen of the Town of Thomaston:

I have the honor to submit herewith the report of the Fire Department for the year ending March 1, 1949.

During the period covered by this report the Department responded to a total of 51 calls, including 11 from out of town. Included also are several calls to the Bog area to assist the Rockland Department and 3 calls for forest fires within the town limits, two of which in the Beechwood area might well have become major catastrophes except for hard work and in one instance the assistance of the Rockland and Warren tank trucks. Two serious boat fires were also experienced during the year.

Regretfully we refer to the year's financial report. This large overdraft, the first in many years, was due to several factors largely beyond our control, including the rebuilding of the ladder truck which was necessary to accommodate the new ladders; the expense of forest fires including a sizable amount as reimbursement to the Town of Warren for bulldozing in the Bog area which was done as a precautionary measure; and the overhauling of both pumper's after 11 years of service. We now have, however, a ladder truck which is both safe and serviceable as well as a credit to our Department.

Concerning engine house repairs: On close examination it was discovered that the Counce building was in such poor condition as to be unworthy of any expenditure. The Masters' building was put in first class condition and painted. In the near future we will be faced with the problem of what to do in the case of the Counce building.

REPORT OF CHIEF OF FIRE DEPARTMENT (continued)

The efficiency of the hydrant system was materially improved by two additions and two relocations as authorized at a special town meeting. As other areas are built up thought should be given to further additions.

A public meeting sponsored by the Department in the interest of the Keep Maine Green program was held in Watts Hall in November with good speakers and appropriate movies was not as well attended as it should have been.

For the coming year we recommend the appropriation of \$5,000.00 for the purchase of a tank truck and necessary equipment, which would be indispensable in protecting the outlying districts. Included also in the budget is the sum of \$350 for new tires and necessary repairs to the Counce truck and \$160 to replace Indian Tanks lost in the Bog fire.

Respectfully submitted,

EDWIN A. ANDERSON

SUPERINTENDENT'S REPORT

It is with pleasure that I present for your consideration my third annual report on the Thomaston Schools.

I believe that this has been a successful school year with the teachers striving to assist in the educational growth of each individual child.

A glance at the list of teachers will show that many changes have been made this year. Principal Horace Maxcy left at the end of the year to accept a similar position in Scarborough. Donald Sprague, Mildred Sprague and Mae Morang left Maine to teach in other states. Waldron Roberts returned to college to work toward a Master's Degree. Mrs. Martha Carter retired from teaching at the end of the last school year. We wish all these teachers success and happiness in their new endeavors.

I am sure that we have been fortunate in obtaining the services of some excellent new teachers. Principal Woodrow Mercier, a graduate of the University of Maine and Boston University, with five years of experience in Maine schools, has shown himself to be a very capable teacher and administrator. Mrs. Ella Gatcombe, a graduate of the University of Maine has replaced Miss Morang as teacher of English and French. Mr. Frank Vaitones of Rockland replaced Mr. Roberts as Industrial Arts teacher. Mr. Vaitones is a graduate of Gorham State Teachers' College with teaching experience in Rockland. Mr. Richard Lawlis, who served as science teacher during the first two terms, resigned and has been replaced by Mr. Glenn Morris, a graduate of Fairmount State College in West Virginia. Mr. Morris has completed the academic requirements for a Master's Degree at the U. of M. He taught five years in his native state before the war. Mary Ellen Johnson, a graduate of Mary Grove College of Detroit,

SCHOOL DEPARTMENT REPORT (continued)

Michigan is teaching English and social studies in the junior high school. Nathalie Hall, a graduate of Husson Business College with experience in teaching and coaching at Mexico High School, is the new commercial teacher and girls' basketball coach.

Mrs. Montgomery and Mrs. Gardiner attended a University of Maine extension course at Wiscasset last summer. Miss Luce and Mrs. Barter are now enrolled in the Harvard-Boston University course being given at Rockland.

The overcrowded conditions in the Green Street School have made some changes necessary. Grade four has been moved to the high school and is being taught by Mrs. Maralyn Barter of Cammen. Mrs. Barter, a Gorham graduate, taught in the third grade during the second semester last year. Mrs. Lura Libby remained as principal at the Green Street School teaching grade three. Mrs. Stella Robinson, who formerly taught in Friendship, replaced Mildred Sprague as teacher of grade two.

As an emergency measure grade eight was added to the high school on a departmental basis. This situation has worked out quite successfully. The proposed new building will greatly improve the schools by relieving the overcrowding in both of the present buildings and providing for expansion of the present high school program.

The milk program has been continued and a hot lunch program has been in operation at the Green Street School since the beginning of the winter term. The work connected with the latter project is being done by parents and friends on a volunteer basis, making it possible for the lunch to be served at a low cost to the pupils of only fifteen cents per day. We hope that in the future children in the other building may be given the benefits of hot lunches.

SCHOOL DEPARTMENT REPORT (continued)

Mrs. Esther Rogers is again in charge of music education. This year she is working with pupils interested in learning to play some instrument. Considerable interest is being shown in this phase of her work. We hope that arrangements may be made to start a school band next year.

Because of the large entering class this year it will be necessary to divide the first grade next fall. A study of the birth rate indicates that the next few classes will be considerably larger than those of recent years. This increased enrollment will necessitate more rooms and teachers.

It is expected that much badly needed repair work will be done during the coming summer vacation. Much of the water piping must be replaced and some painting should be done.

In closing I want to express appreciation for the cooperation of the teachers, the school committee and the many citizens who have helped in making this a successful school year.

Respectfully submitted,

LINDON E. CHRISTIE

Superintendent of Schools
